Regularly Observed  
Deep Support  
Solution

“At the circ desk, we always have to send students away.

We get so many people saying ‘I have an interview, where can I make a call?’”

Dan Breidenbach

“We get people talking all of the time on the fourth floor. It’s disruptive. There is clearly a strong need for Private Talking Spaces.”

Karen Beck

"I regularly see guys walk  
into the men's bathroom  
near the reference desk to  
make phone calls."

Dan Breidenbach

“We should have many  
Private Talking Spaces scat-  
tered throughout Langdell.  
Students would use these  
all the time. ”

Meg Kribble

“I think it’s a great idea.”

Bridget Reischer

"Students from the clinic  
need spaces to talk to their  
clients and this would be an  
ideal space."

Caroline Walters

“It’s brilliant and it needs to  
happen.”

Karen Beck

“Providing Private Talking  
Spaces in Langdell will  
be a milestone in student  
services.”
